- EFFECTIVE COMMUNICATION IN THE WORKPLACE
- WORKING WITH AND INFLUENCING PEOPLE
- CRITICAL THINKING FOR THE WORKPLACE
- ASKING AND ANSWERING THE RIGHT QUESTIONS
- PROBLEM SOLVING
- UNDERSTANDING GENERATIONAL DIFFERENCES

The PacLeader Program will help you acquire these skills and prepare you to excel in your career.

You're on your way to earning your degree...THEN WHAT?! College prepares you with all the subject matter you will need to succeed, but what skills do you need to turn that knowledge into a successful career? That's where the **PacLeaders** Program can help!

Our program, which runs September through December 2017, will provide you with the skills to be a success in the workplace. After all, the people you work with will most likely come from a different generation. They might not even know what twitter is! *GASP* So how are you going to work effectively with them and position yourself as a PacLeader? Find out how by joining the **PacLeaders** program, Fall 2017!

WHO CAN APPLY

If you are a college student who will complete half of the credits towards graduation prior to August 2017, you are eligible! With the exception of a \$25 registration fee, there is no cost to you as you will be sponsored by the Atherton YMCA.
